**Instructions:**

1. For each item, the quantity of production is to be recorded in the same unit over the months, preferably as specified in ASICC.
2. Current year figure is to be checked with that of previous years in order to detect any abrupt difference in quantity of production for any item. Suitable reason(s) for wide variation in quantity need to be given. in Block 3.
3. Information contained in identification block are to be updated on a regular basis except the PSL No.
